A SHERIFF'S JURY DECLARES HIM SANE

HIS BETROTHED SUCCESSFUL IN HER EFFORTS

-LOCKED IN AN ASYLUM ON HIS WED-DING EVE BY HIS BROTHER. David J. Solomon may marry Miss Clara Perry Thomas or whomsoever else he pleases.

sheriff's jury yesterday declared that he was of sound mind. From this verdict it would appear that a sane man was carted away to an asylum on the eve of his marriage and locked up. Solomon is the senior member of the fit D. J. Solomon & Co. On August 8 last he was to marry Miss Thomas, at her home, No. 237 West One-hundred-and-twenty-third-at. He did not ap pear at the hour fixed for the wedding, however,

nd his brother Henry sent word that David wa iii. David had been hurried off to Bloomingdale Asylum on a certificate, approved by Judge Me-Adam, in the Superior Court, of Drs. Grame M. Hammond, and Charles H. Brown.

Miss Thomas immediately secured the services of Robert J. Haire, and a writ of habeas corpu was procured from Justice O'Brien, in the Su-Court. The proceedings were then instiuted to inquire into his mental condition, and Dr Allen and Charles H. Daniels were apinted comissioners for that purpos

The proceedings yesterday consisted mainly in the summing up of Adolph L. Sanger for Henry and Mr. Haire for David. The jury was out only a short time when a verdict was that the jury found Mr. Solomon of sound mind, As soon as this verdict was announced Solomor first kissed his counsel, then Miss Thomas, giving a hug at the same time. A general hand shaking followed and the spectators in the courtroom applauded.

Mr. Sanger moved to set the verdict aside, or several grounds, and the motion was denied. Mr. Haire then moved to have his client discharges but the commissioners were not sure they had power to take this step until the proceedings had been approved by a judge of the Supreme Court. lomon, therefore, went away again in charge the keepers of Bloomingdale Asylum. His usel started out to find a judge of the Supreme Court to get an order discharging David. His intention was to serve it on the asylum authorities

everal reasons have been given for Henry Solomon's wish to have his brother incarcerated in an asylum. One was that he did not wish David o marry Miss Thomas. The Solomons are He brews and Miss Thomas was an employe of the brews and Miss Thomas was an employe of the firm up to a short time ago. David's brothers, Henry and Leonard, however, deny this. They alleged that the reason they wished to have their brother declared insane was so that a committee could be appointed to take care of his property, as he was unfit to take care of this property, as he was unfit to take care of the inspection of the second that the country of t

After forcing the champion to play sixteen games to score the first set, the Kings County player was too tired to put much pace in her strokes, and Miss Terry's beautiful placing gave her the victory. # CENTRAL PARK TENNIS TO-DAY.

PLAY IN THE POSTPONED CHAMPIONSHIP TOURNAMENT WILL BEGIN THIS AFTERNOON. The Central Park championship tennis tourna ment, which was postponed last Saturday on account of the condition of the courts, will begin this afternoon on the lower tennis courts. The day will probably be devoted to playing the opening rounds in the singles, as most of the players in the singles are also entered in the doubles, and tennis players, as a rule, are averse to playing both his players, as a rule, are averse to playing both styles of game on the same day. Few of the experts will meet before the second round. Townsend and John Hobart are favorites for first place just now, though Paret's chances are fair and Bostwick is playing a strong game. It is hardly likely that any of them will down Fischer, as his recent victory over Millett shows that he is in good form.

# SOLOMON MAY MARRY NOW. PREPARING TO BOMBARD RIO. IN THE POLITICAL FIELD. OPPOSED TO FORECLOSURE

A MOVE OF STOCKHOLDERS OF THE NEW-YORK AND NORTHERN.

THEY SAY THE ROAD SHOULD NOT HAVE DE-FAULTED-PRESIDENT M'LEOD'S HAND SEEN IN THE PROCEEDING.

E. Ellery Anderson appeared yesterday befor Judge Pratt, of the Supreme Court, in Brooklyn, and made a motion to be allowed to intervene on behalf of a number of stockholders of the New-York and Northern Railroad in a foreclosure suit which was brought by the Farmers' Loan and Trust Company, as trustees for the holders \$3,200,000 of second mortgage bonds, upon which the interest has not been paid. The papers, which were presented to the court by Mr. Anderson, practically harge that the road had no need to default on the payment of the interest.

The move was looked upon among railroad men as part of a plan of some of the stockholders who e in sympathy with A. A. McLeod, the presi dent of the New-York and New-England Railroad, to prevent the men who now own a majority of the stock carrying out their ideas of reorganization. The majority of the stock is owned by the leading stockholders of the Nex-York Central. It was bought last March from J. Pierront Morgan. To a Tribune reporter Mr. Anderson said last

"At the reorganization of the New-York and Northern Railroad five years ago there were issued \$1,200,000 of first-mortgage and \$3,200,000 of secondmortgage bonds of the road. The agreement was that no interest should be paid upon the secondmortgage bonds for five years unless the condition the road warranted it. It was also agreed that a foreclosure suit should not be brought against the road in case of default until one year after the first year's interest became due. The interest was due in June, 1892. It amounted to \$64,000. The year sed and the interest was not paid. Then a short time ago a foreclosure suit was brought in Westchester County. Many stockholders knew nothing of it until the foreclosure sale was ordered. The papers which I presented in court to-day show that there apparently was no attempt to keep up f the interest on the bonds by those in control. In the

the interest on the bonds by those in control. In the last five years the road has earned over \$2.500,000, and its fived charges were only \$250,000. The surplus has been used in building stations, buying rolling stock and improving the roadbed, when a portion of it might have been set askie to meet the interest on the mortgage bonds.

One of the officials of the New-York Central and Hudson River Railroad, who was seen by a reporter last night, was greatly amused when he heard that the motion had been made to intervene on the foreclosure proceeding which already had been determined. He said:

"Why, the New-York and Northern Railroad has been in financial straits for some time. It was in trouble long before a majority of the stock was purchased by J. Pierpont Morgan, who expected to turn it over to the Manhattan Elevated Railroad Company. This company finally refused to take it on the ground that Mr. Morgan had paid too much for it, Before he bought what was known as the Whitney interest in the road an attempt had been made to reorganize it. This fell through on account of the failure of the Reorganization (Committee to secure a sunficient number of consents of bondholders. The Central Company bought stock of the road because it wanted it."

It has been said that overtures have been made by the denomination to Dr. Briggs to come with all his followers into the Cumberland Presbyterian

The story is inherently improbable. Dr. Briggs was out of the city last night, but he has before denied that he meant to set up a new denomination or intended to leave the Presbyterian Church. Professor Francis Brown, who is associated with Dr. Briggs in the Union Theological Seminary, said last night that he had heard nothing of this story and could not see how it could be true.

# WORLD'S FAIR BUILDINGS DAMAGED.

A SUDDEN STORM DRENCHES CROWDS OF PEOPLE AND BREAKS MANY GLASS ROOFS.

Chicago, Sept. 22,-A tremendous wind and rain storm struck Jackson Park last evening, drenched nearly every one of the 100,006 or more spectators who stayed for the illumination, broke in portions of the glass roofs of the Manufactures Building and Art Gallery, blew off a section of the movable sidewalk roof and damaged a number of exhibits. Just before the storm crowds of people had gathered about the Court of Honor to see the electric displays At ten minutes after 8 came a terrific flash of lightning and a peal of thunder, and almost instantly a solid sheet of water, driven as by a gale, struck the crowds. It was as sudden and overwhelming as any of the memorable storms that damaged the Exposition during March and April. The Manufactures Building suffered more than any other. In the Austrian section rain fell on the art glass and bronzes and broke some of the former. The Commissioner-General estimates the cost of the repairing and cleaning at \$1,000. Gangs of glaziers were at work early this morning putting new glass in the roofs of the Manufactures, Fisheries. Transportation and Fine Arts buildings, but the damage to exhibits except in the Manufactures Building was light.

IN THE PARLIAMENT OF RELIGIONS. Chicago, Sept. 22.-The Hall of Columbus at the

Art Institute was filled to-day when Chairman Barrows rapped for order and introduced Dr. Sharp, of New-York, who said that he had been warned by physicians that it would be almost certain death for him to attempt to come to Chicago, but that he was bound to bear his testimony to Chrisinn unity even at the risk of his life. The Rev. Washington Gladden then read a paper on "Re-ligion and Wealth." It was in the abuse of wealth he thought, that so much evil had been found. The uses of wealth had been to a large extent overlooked. The next speaker was the Rev. Joseph Cook, whose topic was "What the Bible has Wrought." The Rev. Olympia Brown read a pa-per on "Crime and Its Remedy." Judge S. J. Hanna, of Boston, followed with a paper on "Unity and Christian Science," and Professor Albion W. Small presented a paper on "The Church and City Probms." "Present Organized Forces of Unitarian iens. Present Organized Forces of Unitarian-ism" was the general subject of discussion at the Uritarian Church Congress this merning. The Afri-can Methodist Episcopal Church Congress had its "presentation" session in the Hall of Washington to-day, Bishop Payne presiding.

ITS PATRONAGE HAS BEEN ENORMOUS. Since the starting of the half-rate trunk-line excursions from New-York to Chicago the Erie has carried an enormous share of the travel. The management has given extraordinary care and atten tion to its patrons and its equipment has not been exceeded in quality by any other line. The Erie is equipped with the block safety signal system the entire distance, from New-York to Chicago.

ADDING TO ITS WORLD'S FAIR SERVICE. The large increase in travel between New-York and Chicago has made an additional train neces-sary on the New-York Central. The company has sary on the New-York Central. The company has met the demand by placing in service again its splendidly-equipped New-York and Chicago limited train, which had long been popular with the travel-ling public. The train leaves the Grand Central Station daily at 10 a. m., arriving in Chicago at 11 o'clock the next morning.

NEW-YORK ATHLETIC CLUB STILL UNDECIDED. The proposition of Adrian Iselin, who bought in the Manhattan Athletic Club building at the fore-closure sale, to trade it with the New-York Athletic Club for the present New-York Athletic Club building and the unimproved lot at Sixth-

ave, and Fifty-ninth-st., has stirred up the me ers of the New-York Athletic Club excee The question already has been discussed at on of the Board of Governors of the and it was received favorably by Another meeting of the board was held on Thurs day, when it was again taken up and considered at some length. It was said that nothing positive was done, owing to the absence of some of the members of the board. A meeting will be hely early in October, when the question will probable be decided.

Congressman Fellows, it appears that he state that at the last election Tammany gave the Democratic ticket 70,000 majority, "Repeal the Election bill," said he, "and Tammany will make it 95,000 or 100,000." Why not 150,000 or 200,000, in It 36,000 or 100,000." Why not 150,000 or 200,000, in the same way they stuff the ballot-box in the South? The inference to be drawn is that the repeal of the bill is to help the Northern Democrats, who lack the nerve to steal elections wholesale as they do in the South. Forewarned is forearmed, and the wide influence of The Tribune is being rightly directed in opposing the efforts of the party in power to repeal the Election bill. Keep it up.

New-York, Sept. 21. 1883. New-York, Sept. 21, 1893.

Was it when "The Times" sold itself, including its editorial staff and whatever was left of its good editorial staff and whatever was left of its good will—whough good will is a thing of which "The Times" never had much to sell—to the Democratic party. Whatever that good will amounted to, it was based aimost exclusively on the faithful work done by "The Times" in favor of laws for hones elections and against the Democratic party. Whatever position that staff had won had been won in defence of the Election laws and in warfare upon the Democratic party.
